

New changes for SF, LLP ,LLSS, Diesel 4x4 3.0 and Diesel 4x4 2.5 classes

Super farm will switch to a new Precision turbo for the 2018 season. We would like feedback from SF pullers before the start of the 2017 season, how much of a horsepower increase would you like- 40 HP, 80 HP , or 100 HP? We will go with the majority, so talk among yourselves and let Kurt 712-470-1593 or Allen 605-351-0814 or Ryan 712-880-0178 know what you are thinking, we want to get Precision the information by June 1st so that they can start working on the new turbo and hopefully have some done by the end of the 2017 season.

Light limited Pro, you will have two options : 1) either to switch to a new turbo before the 2018 season or 2) switch before the 2019 season. It will be your choice, so again talk among yourselves and decide which year you want to switch and also how much HP increase or torque you want. If switching for the 2018 season we would need that info before June 1st of this year. If the decision is to wait until 2019 to make the switch, then we can make that decision at the banquet later this year. To let us know what year you would like to make the switch and how much HP increase you would like to have, please contact Kurt 712-470-1593 or Jeff 712-269-2085 or Ryan 712-880-0178.

New for 2018 will be a Light Limited Super Stock, rules concerning engine size and tire size etc. will be posted as soon as we get them finalized. If you are thinking of pulling in this class next year and you have some idea's please contact Doug Roberts 417-860-9775. This class will be running a new Precision turbo for the 2018 season.

Both diesel pickup classes will be running a Diesel Performance Engineering box turbo for the 2018 season, the bigger class will run a 3.0 smooth bore turbo made by DPE and the new 2.5 class will also be running a DPE box turbo. Rules for this new 2.5 class will also be posted as soon as we get them finalized. If you are thinking of pulling in this new class and have ideas or questions concerning the classes or turbo's please call Doug at 417-860-9775 or Rodney at 816-324-6680.
