

We would like to welcome the Mid America Truck & Tractor Pullers Association to the Outlaw Family! Mid America (MATTPA) will join Heartland Pulling (HPS) in the Heartland Division of Outlaw.

The Mid America Truck & Tractor Pullers Association started in the 1980's as the Nebraska Power Pullers Association and rebranded in 2014. We are excited to honor the traditions of the past and continue to grow the sport of pulling under the Outlaw name.

"It's great to be able to give our pullers more places to pull while giving our promoters the ability to grow their shows with new pullers and classes" – Scott Walker, MATTPA officer.

Joining forces under the Heartland Division, MATTPA and HPS will strengthen pulling in the Heartland region. Gone are the days of competing against each other to book pulls. 2022 brings new opportunities to provide a quality show to sponsors, pullers, and promoters across the state of Nebraska and the Heartland region!
