Track Crew and Tow Back Tractors

Iowa Tractor Pullers Assn is providing the Track Crew, Equipment, workers and tow back vehicles w/ drivers. We will have a limited # of PULL BACK tractors, so we ask that you utilize your own tow vehicles if you brought them in your hauler with you. However, only support vehicles and UTV's, hailed inside the hauler are allowed in the pit area. No exceptions!

Arrival and Pit Parking:

Haulers must enter Gate #2 off of University Avenue. **Best route is to come in from the East off Hwy 65 and exit onto Hwy 6 and Hubbell Avenue (exit 83) from the Altoona/Adventureland exit. Take Hubbell Ave west into Des Moines, then turn south on East 33rd Street. This will take you down and across University Ave directly in to gate #2 of fairgrounds.** (see included map) There are NO LEFT TURNS allowed off University Ave into Gate #2, the Police will not allow, you will be waived past. Warning, if you try to come in from the West off 235 and then on university, there is a LOW BRIDGE just 6 blocks west of the Fairgrounds. 13'8". Beware!

Only the haulers for that day's event will be allowed in the Pits. Unfortunately, the overflow lot that was used in years past for hauler parking is no longer available, so you are on your own for offsite parking arrangements. Prairie Meadows Race Track/Casino or an area truck stop would be a good place to park. **ABSOLUTELY NO OTHER cars, trucks, jeeps, campers, motorhomes, etc. will be allowed in the pits with your haulers.** There is not room! Only support vehicles and UTV's, hailed inside the hauler are allowed in the pit area. No exceptions!
